Training for interested servers will also be provided during this time.

A Traditional Presence at World Youth Day

Previous WYDs have been attended by [Juventutem](http://www.juventutem.org), the worldwide youth movement for young people (age 16 to 35) who are attached to the Usus Antiquior Mass. This has proved a great opportunity to give a powerful witness amongst the world's Catholic youth to the Traditional Mass and orthodox teaching of the Catholic Church. At WYD in Madrid, *Juventutem* will be there again and the **Latin Mass Society is subsidising the cost for young Catholics in England and Wales attending with them.** www.lms.org.uk/news-and-events/juventutem-at-world-youth-day-2011

Please note: some Masses may in the near future have to be cancelled at short notice, as it has become very difficult to find priests to celebrate all the scheduled ones. Please check if in doubt, especially before travelling long distances, by phoning the numbers given or visiting the Plymouth Diocese LMS Page: www.lms.org.uk/around-the-country/plymouth
